

24/8 Hour Emergency Response Hands on Refresher Training

May 1st – 3rd 2018 24 hr

May 4th 2018 8 hr

Seeking a site willing to host in the Salinas area

This training complies with 29 CFR 1910.120(q)
and
CCR Title 19 Article 7, 2765, Title 8 CCR 5192 (q)

Training will consist of:

- **Introductions and goals**
- **Recognizing the Hazards-Is it Incidental or an Emergency Response**
- **Preventing releases – Pre-preparedness and High-Risk Actions**
- **Basic process flow and theory of operation for Chlorine and Ammonia Refrigeration Systems and other site specific chemical processes**
- **The Incident Command and Mitigation (Defensive and Offensive)**
 - **How do we approach or mitigate from a safe distance?**
 - **Managing pressure. How do we pump down, zone isolate or transfer?**
 - **Emergency Shut Down**
 - **Component isolation such as a chiller, compressor, air unit or?**
 - **Rapid Entry Rescue and Decontamination**
 - **Release Reporting and Documentation**
 - **Incident Investigation and Corrective Actions**
- **Open Discussion, questions and wrap up**
- **Final Test**

This training satisfies the annual requirements for all levels as well as initial First Responder Awareness and Operations Levels.
